

## Window Well Grate

- Grates are constructed of steel angle and flattened expanded metal for strength and durability.
- Lightweight grate is easy to lift off for exit requirements.
- Available in grey gloss powder coat or white gloss powder coat.
- The expanded metal keeps out debris, while still allowing light in.

## Stif Back® II Poly Grate Cover

- Made of clear .060" thick polycarbonate.
- Helps keep out rain and snow.
- Clear polycarbonate allows sunlight in and debris out.
- Molded over edge for clean and smooth finish.
- Molded rib across back for angle area and molded center ribs for added strength and support.
- Intended for use with the Stif Back® II grate, not as a stand alone cover.

We Bring Light and Life to Basements.®
